Before June.

Kroonstadt, March 21—[Special Cablegram]—Presidents Kruger and Steyn addressed a vast camp meeting here today, their words being received with immense enthusiasm. Kruger called on the burghers to maintain their gallant fight for freedom and stated that ultimate success would result in the maintenance of the independence of the republics.

The Rev. E. G. Updike, pastor of the Congregational church, conducted brief services. The cortège to the cemetery was headed by Lueder's military band. The members of Lucius Fairchild post came immediately after the band and they were followed by the Governor's Guard, the local military company and representatives of the various G. A. R. posts in the state.

At the grave the burial ritual of the Grand Army of the Republic was carried out, Department Commander S. H. Tullidge of Milwaukee, and Chaplin D. O. Sanborn of Manawa, officiating. Senior Vice Commander B. N. Robinson of Baraboo deposited the wreath on the casket. Asst. Adj't. Gen. C. A. Curtis of Madison, the rose and Asst. Quartermaster Gen. F. A. Bird of Madison, the laurel.

The Governor's Guard then fired the military salute which was followed by taps sounded by Buglers Joseph Schmidt of Co. F Third United States Infantry and Paul Kingston and Philip Rogau of the Governor's Guard.

The past department commanders among the honorary pall bearers were as follows: Milwaukee, Edward Ferguson; H. G. Weissert; Henry P. Fisher; D. Lloyd Jones; Madison, E. B. Gray; C. Welfton; LaCrosse, B. E. Bryant; Marshfield, W. H. Updike; Brandon, Leander Ferguson; Fort Atkinson, W. D. Hoard; Berlin, C. H. Russell; Baraboo, Philip Check; Governor Scofield, W. S. Main of Madison, and ex Congressman L. B. Caswell of Madison were also among the honorary pall bearers.

Roberts May Succeed Woolsley.

London, March 20—[Special Cablegram]—Truth announces that Roberts will succeed Woolsley as Commander-in-Chief of the army.

The slowness of Plumer's advance on Mafeking is due to the fact that he is coavoying three train loads of supplies.

Germany Will Protest

Pretoria, March 21—[Special Cablegram]—The Boers are harassing the British patrols near Ladysmith and have captured thirty cattle. The British have returned the German ambulance which recently fell into their hands but have kept Dr. Albrecht, who was in charge. Germany will protest against the detention. A complete collection of dum-dum bullets captured from the British has been received here.

British Shell the Boers

Kimberley, March 21—[Special Cablegram]—Shirking continues at Fourteen Streams, where the railroad crosses the Vaal river. The British seized two boats on the south bank, but the Boers still hold the ferry boat. Today the battery shelled the enemy effectively.

Kruger is Determined

New York, March 21—A dispatch to the Herald from Pretoria, says: "Your correspondent has just had an interview with President Kruger. He shows but little evidence in his countenance of the tremendous strain he is undergoing.

"This war was forced upon us by England, which has been misled by Cecil Rhodes and the millionaires who want the country," he said. "The Boers yielded as far as possible, until they saw that nothing but complete surrender of their independence would satisfy England. Having been forced into the war, the Boers will conquer or die. I expect no aid from other nations, but we are glad of sympathy and friendship. The Transvaal is willing to make peace at any time, but we want no more conventions. Only absolute independence is possible. We do not want more territory, but are content with our present frontier, if we are permitted to live peacefully. This is all we ask."

Think War May End in May

London, March 21—It is becoming

regarded as quite a settled matter that should the war be ended, as is now hoped, before June, the government will dissolve parliament and appeal to the country on the basis of a successful south African policy. Should the war drag on dissolution will be postponed until next spring. In any event one of the foremost planks of the government platform will be the army reorganization.

YOUNG CHICAGO BOY  
SLAYS HIS FATHERALBERT FINCH, 15, SHOOTS TO  
SAVE HIS MOTHER'S LIFE.

Husband Is About to Plunge a Knife Into the Throat of His Kneeling Wife When the Boy Comes to Her Rescue With a Shot Gun.

Chicago, March 21—To save his mother from an uplifted knife, 15-year-old Bertie Finch fired a double charge of buckshot into his father's breast last night and ended forever the reign of terror that had hovered over the family of a drink-crazed man for ten long years. The killing was the sequence to a series of assaults made by the dead man on his white-haired helpmeet during the last six months.

It was a tumble-down, ragged old building on the southern edge of Austin, separated by stretches of naked prairie on all sides from other habitation of any sort, that the youthful defender and his liquor maddened father enacted the most startling tragedy that has recently occurred.

Craving For Strong Drink.

The Finches have been residents of Austin for all the time of the boy's life. There were days when the father was a sober, industrious man, and then came the days when a craving for strong drink laid hold of him and made him forget all else.

The father would no longer seek work. He haunted the saloons that were not too far away, and when he thought his wife had saved a few cents, he would go into the house and force her to yield them up to him. For these attacks he had been frequently arrested, and with every arraignment in the local police courts he became more sullen and vicious.

When he entered his home last night he was very drunk. Mrs. Finch sought to avoid him as much as possible, at the same time signaling to the children to leave the room and go to their beds. The daughter rose from her place and took one step forward when Finch, maddened by his wife's continued silence, caught her by the arm and pushed her roughly to one side.

Mother's Life Was Menaced.

He leaped toward the table and snatched up a carving knife. Mrs. Finch tried to reach the door, but he was too quick and caught her by the shoulder. By sheer force he beat her backward and poised the keen-edged knife above her head as if to strike.

In the corner of the shedlike room, covered with the dust of a year, leaned an old-fashioned double-barred shotgun, heavily charged. Bertie, startled when his father seized the knife, had jumped from the table and backed toward the wall as he watched his mother flying to the door. He saw her caught and dragged back; in the feeble light of the table lamp he saw the knife flash in the air and tremble over her throat.

Instinctively his hands sought the well-remembered resting place of the shot gun, and closed over the barrels of the weapon. He shrieked a warning to his father, but the uplifted knife was not lowered. Mrs. Finch struggled to free herself, and the blade circled nearer and nearer to her throat. Fierce imprecations were bursting from the lips of the crazed man, and up went the gun to the son's shoulder.

Roy Fires and Kills.

Perhaps the lad cried out, but it is likely there was not even time for this. The knife made a sharp sweep toward the mother's throat and both barrels of the shotgun belched forth fire and lead. The concussion extinguished the one lamp in the house, and in the darkness mother and son could hear the man groping and staggering around the room. The knife fell from his fingers and clanged on the floor, and then came the sound of his body dropping heavily against the table.

Word of the shooting was sent to the Austin police station, and Lieutenant Stanton, with Sergeant McNamee and a half-dozen policemen, hurried to the old building.

By the light of the sergeant's lantern Finch was found stretched on the floor dead. In his breast, fairly in the center, was a jagged hole three inches wide.

Cream City Must Raise Fund For the State Fair at Once—Central Wisconsin Doctors Meet at Madison Next Week—Death of Harold W. Nickerson.

Madison, Wis., Dec. 21—In an opinion written by Justice Dodge and unanimously concurred in by the other justices, the supreme court yesterday afternoon decided that Judge C. Ludwig of the superior court of Milwaukee, acted entirely within his field of jurisdiction when he allowed the name of the Linden Land company to be substituted for that of J. G. Treutlage as plaintiff in the suit to restrain the Milwaukee Electric Railway and Light company from accepting the franchise-extension ordinance and to set aside the grant of the common council. The petition of the city and street car company for an imperative writ of mandamus compelling Judge Ludwig to dismiss the suit was consequently denied. The opponents of the ordinance can now continue the suit and get a decision on its merits.

Milwaukee Must Raise Fund.

Milwaukee, March 21—There was a conference between the members of the state board of agriculture and the committee of the Merchants and Manufacturers' association today in regard to the state fair. No decision as to the fair was arrived at as the members of the board made it plain to the committee that they would not move until the \$15,000 which Milwaukee was to contribute was in hand. The Milwaukee men maintained that the money was certain, and that they could see no reason for waiting, but they did not shake the position of the state board. An adjournment was therefore taken until April 10, by which time it is expected Milwaukee's donation will be ready.

Doctors to Meet at Madison.

Madison, Wis., March 21—The Central Wisconsin Medical association will hold its quarterly meeting in the capitol next Tuesday. Secretary C. S. Sheldon of Madison, last night announced the program which includes papers by Dr. A. C. Helm, Beloit; Dr. W. H. Washburn, Milwaukee; Dr. J. A. Jackson, Madison; Dr. F. H. Edsall, Madison; Dr. J. E. Alabon, Rockford, Ill.; Dr. Edward Evans, La Crosse; Dr. J. M. Evans, Evansville; Dr. J. A. Mack, Madison; Dr. F. F. Nye, Beloit. The meeting will close with a banquet.

Harold W. Nickerson Dead.

Milwaukee, March 21—Harold W. Nickerson, an attorney of prominence, dropped unconscious at the Northwestern depot yesterday afternoon, and died soon after. Death was due to heart trouble, from which Mr. Nickerson had been suffering for over a year. Deceased was well known, and two years ago his name was mentioned in connection with the nomination for the bench of the circuit court.

Not an Athletic Statesman.

Joseph Chamberlain's distaste for physical exercise is as marked as his passion for orchids. At no period in his life has he indulged in any form of sport, and walking is his special aversion. Practically the longest walk he takes in London is from Prince's gardens to his clubs in Pall Mall or St. James' street. To his sedentary habits he adds a love for smoking black cigars and drinking tea.

## SUFFER AT BELOIT

Their Dry Goods Store in the Line City Entered By Thieves

Last Night.

Beloit, Wis., March 21—[Special Telegram]—The dry goods store of Bort, Bailey &amp; Co. of Janesville, was entered by thieves last night and 800 yards of black and colored silks and satins stolen.

The firm offers \$50 reward for the return of the goods and \$50 for the capture of the thief. The loss is from \$600 to \$700.

Mr. Fred Bailey stated this afternoon that the thieves had made a clean sweep of all the best and most costly goods in the store. They had entered by a rear door communicating with the G. A. R. hall and made their escape with the plunder without leaving a trace. The loss, Mr. Bailey thinks, will reach fully \$700. Sheriff Appleby went down to Beloit at noon to make an investigation.

Thawing Out Frozen Plants.

It not infrequently occurs that plants shipped late in the fall or during the winter season, in mild weather, are caught by severe weather and become frozen. Many persons would think them perhaps fatally injured and of little value; but exposure to frost is not harmful provided the plants may thaw gradually, unexposed to light and heat. The best plan, therefore, is to let the box remain unopened, and put it in a cool cellar. It may take a week or more to thaw out; but under proper conditions there will be no harm done.

## PRIEST NAILS UP THE PEWS

Refuses Seats in Church to Those Who Do Not Pay Rent.

Beloit, Wis., March 21—The worshippers at St. Thomas Catholic church in this city were greeted with a strange scene Sunday when they entered the edifice for the morning mass.

A large number of the pews at the rear of the church were nailed up, long rough timbers being securely fastened across them, preventing their use. To the regular attendants of the church this was not a surprise, for Father M. J. Ward had threatened that unless the seats were all rented by a certain date they would be closed altogether.

SAY BUTTERINE IS  
DOOMED TO DEFEATDAIRY INTERESTS CLAIM THE  
GROUT BILL WILL PASS.

Pure Food Commissioner Adams of Wisconsin Claim 298 House Members Pledged For Butter-Congressmen From Farming Districts Are Forced Into Line.

Washington, D. C., March 21—The butterine industry of the country is in peril if the talk of Pure Food Commissioner Adams of Wisconsin that there are 298 members of the house pledged to support the Grout bill, is based on facts.

Mr. Adams returned to Washington this morning and with Secretary Knight of the National Dairymen's union will appear before the committee on agriculture tomorrow and renew their demand that the Grout bill be reported to the house with a recommendation that it pass. Both are confident that their demand will be complied with and they believe that the bill will be passed before the close of the present month.

As Mr. Adams puts it: "The dairy interests have straightened up those fellows in the house who did not want to vote for the bill and they have got to come to terms. If they do not they cannot come back to Washington and they know it."

Vigorous Campaign Conducted.

The campaign carried on in Washington by the representatives of the dairy interests has been marked by great vigor. Representatives of farming districts which are nearly all organized against butterine, found it difficult to withstand the pressure brought upon them.

One after another they have been yielding to the importunities of the butterine representatives, and it is not improbable that there is a grain

W. H. H. Macloon won a very decisive victory in the Fourth ward last night when the caucus nominated him as the aldermanic candidate on the republican ticket. Mr. Macloon managed what the politicians call a "still hunt," and no public announcement of his candidacy had been made. When the votes were counted, however, he had a clean majority over all the others, and was warmly congratulated on his successful campaign.

While the Fourth ward is nominally democratic, the claim is generally made that Mr. Macloon will carry the ward

W. H. H. MACLOON,

this time by a comfortable majority, and  
the solidity of his support at the caucus  
would indicate that this was well  
founded.

Dr. W. H. Judd won the fight in the Third ward, defeating C. D. Child by about twenty votes in a caucus of nearly three hundred.

The results of the ward caucuses were as follows:

## GOOD NOMINATIONS MADE

The republican city and ward tickets are now in the field. It is unnecessary to tell Janesville people that the various candidates "are good men and true," for all are well-known to the residents of the Bower City. They stand for republican principles and a clean business administration, and their fitness is generally recognized. Praise, therefore, would be but fulsome. Janesville is a republican city, and with the confidence that people naturally have in the nominees, and their faith in the republican principles, there can be no doubt of a sweep-success at the polls. Vote the straight ticket and roll up a majority in this presidential year, that will show the people of Wisconsin that Janesville is still on the right part of the political map, and true to the party that "carries the flag, and keep step to the music of the union."

RICHMOND

Richmond, March 21—Dr. Hanover of Delaware, was out this way last Sunday to attend Frank Kemmitt who is dangerously ill with congestion of the lungs. Louis Larsen, who is employed at the large implement factory at Beloit, was out last Sunday to visit the case between George Crumb and Mr. Friskie was settled by Mr. Crumb paying \$25 for shooting corn at Mr. Friskie's house while it ran loose on the road. Andrew Williamson, a short time ago saw an ad. in a local paper stating that a person by the name of Ole Williamson fell heir to a large sum of money in Norway, and that the legal heir was now being sought. As Ole Williamson is dead, his son will investigate the matter and try to prove his father the right man. Tenus Johnson drew hogs to Whitewater Monday, at \$1.50 per cwt. Mrs. Lizzie Klicans and son Earl, visited at R. Klican's Sunday. Will Gage and family of Whitewater, spent Sunday at Mrs. Peterson's. Considering the frequent changes in the weather of late, the roads are not as bad as they might be.

## CERTAIN DOCTORS MAY LOSE TITLES

### STATE BOARD MEDICAL EXAMINERS GIVE WARNING.

It is Said Three Local Medical Physicians Have Not Complied With the New State Law—Just What Will Be Done Remains to Be Seen—May Go to Supreme Court.

The Wisconsin State Board of Medical Examiners met at Milwaukee yesterday to close up the business connected with the registering and licensing of physicians in the state. The board concluded its labors at noon today and now those physicians who have failed to comply with the law will be debarred from the practice of their profession in this state.

There are 2,800 physicians in the state, and of this number licenses have been issued to 1,143 on their diplomas, while 1,300 have been registered by the board. It is estimated that 357 doctors will find their occupations gone as the result of their neglect.

Of these 357 doctors it is said that three reside in Janesville.

A local physician said this morning: "From what I can learn there are three doctors in Janesville who have failed to comply with this state law. I suppose they think that because they have practiced for years they don't need a certificate. It costs a few dollars to join and of course this makes a difference with some physicians."

The new law gives physicians until April 1 to either obtain a license or be registered. The fee for the former is \$5 and for the latter \$2. The doctor who obtains a license receives official permission to assume the title and practice medicine in this state, but the registered person merely has placed on record the fact that he is a graduate of some medical school. Conspicuously displayed on the registration certificates are the words in red ink: "This is not a license to practice medicine."

In prosecuting persons not graduated from reputable schools the board has been compelled to make a test case of the new Orton law. It provides (Chapter 87, laws of 1899) that the state board shall "duly register and grant authenticated certificates of registration to every reputable resident physician or surgeon of good moral character who was on the first day of July 1897, in the actual practice of medicine and surgery in the state of Wisconsin."

### SURE SIGN OF PROSPERITY

Pittsburg Plate Glass Representative Was in the City Today

A. B. Cook, traveling representative for a Pittsburg plate glass firm, was in the city today. Mr. Cook says that if a man has any doubt about prosperity being in the land he should get into the plate glass business. Pittsburg glass firms are unable to handle the great volume of business, Mr. Cook says. In all parts of the country extensive building is to be carried on this spring and especially is this true of the state of Wisconsin.

### PARK RESIDENTS ANXIOUS

Are Wondering if the Forest Park Street Car Line Will Ever Resume

Residents in Forest Park are at present a much disappointed lot of people. Many were of the opinion that with the resuming of street car traffic this week the line into Forest Park would again be put in operation. But such has not been the case. The company has lost money by keeping this line in operation during cold weather. In all probability cars will be running into the park this summer.

### DECLARES FOR EXPANSION

Philadelphia M. E. Conference Supports National Administration

Philadelphia, March 21—The Philadelphia conference of the Methodist Episcopal church today adopted a paper in support of the expansion policy of the present national administration. The paper is in all respects similar to the one adopted recently by the south Kansas conference, and is in the form of a call for volunteers to go to the Philippines for evangelistic work.

### BUTCHERS WILL GIVE BALL

All is Harmony This Year So the Meat Dealers Say

The committee of arrangements consists of Thomas Murray, Thomas Courtney, and Lewis Bartling. Those who will have charge of the floor will be J. Keenan, William Conroy, Clint Case and Thomas Murray.

Sam Ling Makes Complaint

Sam Ling, the laundryman on West Milwaukee street, complains that certain young hoodlums from the High school, are interfering with his business. They crowd into his shop, late in the afternoon and evening, and subject him to all sorts of annoyances and indignities. He has frequently asked for police protection, but the boys always manage to make themselves scarce when a policeman is around. These smarties from the High school need to be taught a lesson, and in the absence of police interference, Sam Ling in a moment of anger, may undertake to sustain his rights. Then there will be a howl.

MEMBERS of the Sophomore girls basketball team defeated the girls of the Freshman team yesterday afternoon at the High school gymnasium. The score was 7 to 3. Charles M. Best and George Farmer were the officials.

## MORE TROOPS REACH CAPE.

Now Almost Certain That Two Boer Republics Are to Be Treated in Future as Crown Colonies—Revised Count of Losses.

London, March 21.—Lord Roberts, in a bulletin issued after midnight, announces that Lord Kitchener had occupied Prieska without resistance after the rebels had surrendered and the Boer leaders had escaped. Two hundred stands of arms were captured and thirty-three prisoners.

Lord Roberts also reported that the Boers were beginning to surrender on the Basuto border, and that Mr. Steyn was circulating a notice that burghers signing the declaration made in accordance with the British proclamation would be shot as traitors.

This counter proclamation and the destruction of the railway bridge over the Modder river above Bloemfontein are proofs that Mr. Steyn has not yet given up the fight, and that his commandoes in the north may be good for another battle if stiffened by the presence of Boer forces from the Transvaal.

Commandant Grobelaar was discovered at a farm near Donkerspoort, wounded, and was attended by Dr. Williams of the Australians. Grobelaar, one of the most interesting of the Boer leaders, is a man of 40, tall, and powerfully built, with regular features, a brown beard, curling mustache, and piercing eyes. He is a magnificent figura on horseback, and speaks English fluently.

Troops are still pouring into South Africa, and no less than 5,000 reached Cape Town Monday. The new arrivals probably will be used along the Kimberley line to cover the advance to Mafeking of the Fourth cavalry brigade, if it is not wanted in the Free State, where Lord Roberts is stronger than ever through the addition of Gatacre's, Clement's and Brabant's commands. The cavalry will be most useful to work in conjunction with a large force of yeomanry from Mafeking to ward Pretoria, in order to threaten and flank the Boer army holding the line of the Vaal. Revised reports of losses on both sides are:

Boers—Killed, 2,120; wounded, 1,251; sick, 4,351.

British—Killed, 2,041; wounded, 9,356; dead of disease, 930.

## RUSSIA'S RETRY NOW READY.

Answer to Kruger Directed Against England.

Berlin, March 21.—The St. Petersburg correspondent of the Lokal Anzeiger telegraphs that the minister for foreign affairs has prepared an official communiqué which will be published within the next day or two. It contains Russia's answer to President Kruger's request for intervention. The communiqué has been drawn up with the knowledge and consent of France and Germany, and has received the full approval of the czar. As regards its contents, all that the correspondent has been able to learn is that the note is directed, with due precautions, against England, and its tone is very serious and will certainly not fail to make a deep impression.

The Boers blew up the railroad bridge over the Modder river fourteen miles north last night. The law courts were reopened today.

In the house of commons today the parliamentary secretary of the war office, George Wyndham, said the secretary of state for the colonies, Joseph Chamberlain, was about to issue a proclamation on the subject of the alleged threats of the Boers to destroy Johannesburg and as to what the Boers may expect in the event of wanton destruction of British property.

Chamberlain to Protect Johannesburg.

London, March 21.—In the house of commons Mr. George Wyndham, parliamentary secretary of the war office, announced on Tuesday that Colonial Secretary Chamberlain intends to issue a proclamation regarding the threatened destruction of Johannesburg by the Boers.

Leyds Says Boers Will Never Yield.

Antwerp, March 21.—Dr. Leyds, the diplomatic agent of the Transvaal, says that Gen. Roberts' proclamation was made with the view of impressing Europe, and reassures that the Transvaal Boers will resist the British to the death.

Queen Will Meet Queen Company.

London, March 21.—When the address of the corporation of Dublin is presented to the queen the keys of the city will be handed to her majesty by City Marshal Parnell, brother of the dead Irish leader; the sword bearer will be J. F. Egan, the "dynamiter," while the town clerk is H. Campbell, who was Charles Stewart Parnell's private secretary.

Russian Notes Dangerous as Standard Oil.

London, March 21.—A report of the London county council on the number of deaths from lamp-oil explosions in the county seems to prove that, the falling off in the mortality is due to a decrease of 12,000,000 gallons in the importation of American low flash oil, and the increase in the imports of sian high flash.

Edwards Loses His Suit.

London, March 21.—The case of the Augustin Daly against George has been decided against the suit which has been a long time growing out of the lease of Daly's, who is the owner.

## INDUSTRIAL COMMISSION.

Federated Unions Denounced as Gigantic Trust.

Chicago, March 21.—The opening session of the subcommittee of the United States industrial commission Tuesday forenoon quickly settled into an inquiry into the local building, supply and machinists' strike. The testimony of W. J. Chalmers, president of the firm of Fraser & Chalmers, manufacturers, gave the cue to the commissioners from which they continued to direct their inquiry. Mr. Chalmers in vigorous terms attacked union labor as a gigantic trust trying to drive capital out of the field. Only four other witnesses were heard yesterday, and they were furnished by the Illinois Manufacturers' association, and so far as their attitude on the strike is concerned their testimony practically was in agreement with Mr. Chalmers' views.

## STUDENTS PAINT WAR TROPHY

Cannon Taken at Manila Is Decorated by Nashville Collegians.

Nashville, Tenn., March 21.—The police officials are at work trying to learn the identity of a number of Vanderbilt college students, who painted the old Spanish cannon, the trophy of the battle of Manila, in glaring colors of old gold, black and red. The barrel is decorated in wide stripes. The body of the carriage was also treated to a liberal coat of the same colors, and the spokes of the wheels were alternately streaked with old gold and black, and they looked like the wheels of a fancy buggy.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation; invigorates the whole system. Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

## TORTURED AND THEN LYNCHED

North Carolina Negro Swung Up to a Tree by Masked Men.

Raleigh, N. C., March 21.—Gov. Russell has received information of a lynching near Carthage on last Saturday night. George Ritter (colored) was taken from his home by masked men, and after he had been mutilated he was shot and swung up to a tree. The general belief of people in the community is that the negro was tortured and murdered by moonshiners, who sought revenge because they suspected that he had reported them to government officials.

## Alaskan Gold Found to Siberia.

Tacoma, Wash., March 21.—Escaping natural gas exploded under the residence of Henry Ellsroth early Tuesday morning, wrecking the building and seriously injuring Mr. and Mrs. Ellsroth and little son, aged 4 years, and probably fatally injuring Samuel Payne, aged 60, who was visiting the family.

## Manie Starr in Trouble Again.

Denver, Colo., March 21.—Madeline Le Roy Langley Ray Thompson was Tuesday found guilty of stealing \$75 from W. J. Wolfe. On the stand Starr W. Ray testified that he was her husband, and that under the name of Mamie Starr she had been sentenced to the Joliet (Ill.) penitentiary for life for poisoning Mrs. Belle Newland of Chicago in 1890. In 1897 Gov. Altgeld commuted her sentence to twelve years, and she was released in the following year.

## EXCELLENT RESULTS

They Have Resulted in a Steady Gain of Popularity.

## People Who are Ever Ready to Recommend What Has Done Them Much Good.

The people of Janesville feel very grateful for the great benefit they have received from the use of Morrow's Kid-ne-oids, the great remedy for backache, sleeplessness, nervousness and all diseases arising from the kidneys. Morrow's Kid-ne-oids cure where other remedies have failed, and the people of this city have not been slow to find this out, and they add their testimony that their friends may know what to use and get cured.

Mrs. F. L. Kimball, 160 Linn street, says: "I have been a sufferer from kidney and liver troubles for the past two years. I could not sleep on account of nervousness. I had palpitation of the heart, sinking and dizzy spells, and suffered a great deal from nervous headache and rheumatism. I was treated by doctors, but they gave me only temporary relief. By using Morrow's Kid-ne-oids and Liverlax for three days I have been greatly relieved of all my troubles. I will continue to use these grand remedies."

Morrow's Kid-ne-oids are not pills, but yellow tablets, and sell at fifty cents a box. Marrow's Liverlax are small red granules and sell at twenty-five cents a box by all druggists and by The People's Drug Co.

Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield, Ohio.

## FOUR HELD FOR CONSPIRACY.

Grand Jury Indicts Dr. Ostrowski and His "Damage Syndicate."

Chicago, March 21.—The opening session of the subcommittee of the United States industrial commission Tuesday forenoon quickly settled into an inquiry into the local building, supply and machinists' strike. The testimony of W. J. Chalmers, president of the firm of Fraser & Chalmers, manufacturers, gave the cue to the commissioners from which they continued to direct their inquiry. Mr. Chalmers in vigorous terms attacked union labor as a gigantic trust trying to drive capital out of the field. Only four other witnesses were heard yesterday, and they were furnished by the Illinois Manufacturers' association, and so far as their attitude on the strike is concerned their testimony practically was in agreement with Mr. Chalmers' views.

## TO CURE LA GRIFFE IN 24 HOURS.

No remedy equals Warner's White Wine of Tar Syrup for this terrible and fatal disease. If taken thoroughly and in time, it will cure a case in 24 hours, and for the cough that follows La Gripe it never fails to give relief. Price, 25c and 50c. People's Drug Co.

## NEGRO BURGLAR SHOT DEAD.

Norfolk, Va., March 21.—Brooks Ramsey, a negro, entered the home of Mrs. Virginia Pratt at 6 o'clock Tuesday morning and, upon being discovered by her, felled her with a grate bar. He fled when the stricken woman screamed and policeman Sayler, who was passing, pursued and caught him. A struggle ensued, the captive apparently trying to reach a weapon concealed on his person, and the policeman shot him dead.

## I THOUGHT I WOULD NEVER BE WELL AGAIN.

One of the saddest things that can happen to a woman is to fall into such a depth of despondency through unmanly weakness that causes us to forget that she is now recovered. "For two years," says Mrs. W. G. Day of Trussville, Jefferson Co., Ala., "I had suffered with weakness, headache, pain in my back and side, which would become so sore that I could hardly bear the weight of my clothes. I had to sit in a chair all day and get up only to go to the toilet. Too many other bad symptoms too numerous to mention. Home physicians' treatment did no good.

"But with a faint heart I wrote to Dr. R. V. Pierce, of Buffalo, N. Y., and described my symptoms as best I could. He promptly answered by letter, and sent me a treatment for me which I followed to the best of my ability, and after taking six bottles of the 'Favorite Prescription' I can truthfully say that I felt like a new woman. In a few months afterwards, when I was suffering with the many troubles due to pregnancy, I again took the favorite prescription and took it through that time, soon became very stout and felt well. I was in labor only a short time and got along well; better than I ever did before. My baby is a fine boy, now two months old, and has never been sick any. I cannot find words sufficient to express my praise of Dr. Pierce's treatment. I am not in a position to recommend it to all suffering ladies, but I would like to tell all suffering ladies will consult him, for they will be benefited by taking his medicine."

Letters to Dr. Pierce are treated in the most sacred confidence, and never published without permission, and the most careful professional advice is given by health man of choice.

Women would understand their own mental and physical natures better; they would make better wives and mothers; they would be every way healthier, happier, and more capable, by reading and studying Dr. Pierce's great thousand-page illustrated book, *The People's Common Sense Medical Adviser*. It is a veritable, complete family medical library in one magnificent volume. More than half a million copies have been sold at \$1.50 each, but a free copy, paper-bound, will be sent to any woman on receipt of 25 one-cent stamps, to pay the cost of mailing only; or if a heavier, handsome cloth-bound book is preferred, send 35 stamps.

## NATURAL GAS EXPLOSION INJURES FOUR.

Marion, Ind., March 21.—Escaping natural gas exploded under the residence of Henry Ellsroth early Tuesday morning, wrecking the building and seriously injuring Mr. and Mrs. Ellsroth and little son, aged 4 years, and probably fatally injuring Samuel Payne, aged 60, who was visiting the family.

## WINE OF CARDUI.

Woman's Crowning Virtue.

BELTON, Mo., July 27.

For years I suffered terrible pains every month, my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last said, "God did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years."

MRS. MINNIE LITTLE.

## MCREE'S

Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an operation. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letter will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

LADIES' ADVISORY DEPARTMENT.

For advice in cases requiring special directions, address, Dr. C. H. McCREE, CHATTANOOGA MEDICINE CO., CHATTANOOGA, TENN.

A LARGE BOTTLE OF WINE OF CARDUI COSTS \$1.00 AT THE DRUG STORE.

**Bryan on Spanish Treaty.**

Lincoln, Neb., March 21.—William J. Bryan insists that his attitude toward the ratification of the treaty with Spain has been misrepresented. "I did favor the ratification of the treaty," he says. "I believed then, and I still believe, it was better to terminate the war, give the volunteers a chance to come home, and stop the expense of a large army, and make the fight on a resolution declaring the nation's policy. I believed then, and still believe, that it was better for the American people alone to settle the Philippine question than to try to settle it by diplomacy with Spain."

**Pana May Have Another Strike.**

# ECZEMA = SATANIC ITCH.

This most aggravating and tormenting of all skin diseases is caused by an acid condition of the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seems on fire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted. This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease.

While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

**THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.**

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin. External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this.

S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and skin troubles. It goes direct to the seat of the disease, neutralizes the acids and cleanses the blood, re-enforces and invigorates all the organs, and thus clears the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.

Mrs. Leifa M. Hoffmann, of Cardington, Ohio, says she was afflicted with Scrofulous sores and Eczema from birth. Her face at times became so badly swollen that she was not recognizable, and her limbs and hands were very sore. She was treated by all the doctors in town without being benefited, and in her researches for relief, was told by an old physician to take S. S. S. She followed his advice and was promptly cured. It has never had a return of the disease. This was seventeen years ago. She sincerely adds, "What it has done for me it will do for others."

Send for our book on Blood and Skin Diseases, and write our physicians fully about your case; they will cheerfully give any information or advice wanted. We make no charge for this. Address, Swift Specific Co., Atlanta, Ga.

## Health is Wealth

When a promising opportunity presents itself or is found, seize upon it. The wise man is he who aims to maintain perfect physical health, rather than he who devotes all his energies in amassing wealth. A healthy beggar is happier than an invalid king. When health is ours we may win wealth, fame and happiness.

To take Magnetic Treatment one does not need a great deal of wealth. . . .

Often-times people are cured of complicated diseases in a few treatments, and the charges are very moderate. Do not delay—the longer you put off getting health, the more difficult it will be to regain it.

### CURED AFTER FOURTEEN YEARS.

TO WHOM IT MAY CONCERN—After suffering fourteen years with muscular Rheumatism, I can say that five treatments given me by Prof. Dennis did me more good than nine weeks spent at the hot springs of Mt. Clemons, Mich.
